## LOW DATA CONSUMPTION

**Extremely lightweight**, it ensures a smooth gaming experience **even on limited connections.**

## FULLY COMPATIBLE

Optimized for **mobile**, with flawless performance on **all devices.**

## CUSTOMIZABLE THEME & RTP

**Customize the game** by replacing the theme with your preferred visual element and choosing the RTP.

## BONUS ENGINE

**Boost player engagement and retention with versatile bonus** tools like freebets, cashback, and personalized rewards, designed to enhance excitement and loyalty.

# COMPANY PROFILE

For over 25 years, iSolutions has been providing innovations for bookmakers and regulators in the sports betting industry.

Driven by passion and strong teamwork, the ISO 9001:2008 certification attests to our commitment to process quality.

Our true strength lies in our post-sales services: we build an open dialogue with our clients to best meet their needs.

With our experience, we are ready to become your trusted partner.

A complete sports betting platform with a wide range of sports and markets.

A fully automated secondary lottery product.

A centralized monitoring system for regulators, providing control and supervision of all gaming activity.

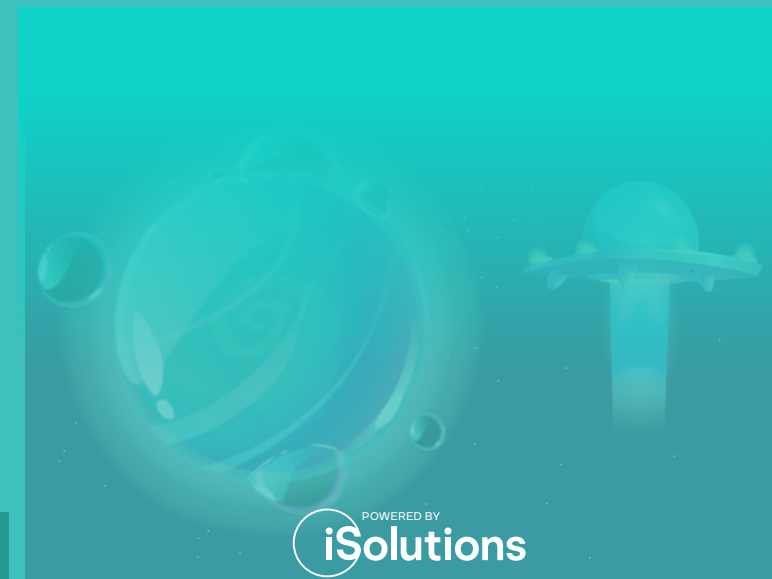

Designed to suit every need: stunning, lightweight, and fully customizable.
